

A MEDICATION MANAGEMENT PROGRAM DESIGNED FOR

SKILLED NURSING PROVIDERS

The MedRec360 by Partners program is a complete Medication Reconciliation and discharge planning tool provided to the facility within 24 hours of each new admission and pending discharge. This powerful solution provides a comprehensive view of a resident's hospital and community based prescriptions with pharmacist recommendations to achieve optimal outcomes. Additionally, MedRec360 by Partners simplifies discharge planning by providing insight into previously covered medication motivating future adherence, promotes safe transition of care, and reduces unwanted and unnecessary hospital readmission due to medication errors.

Facility	MedRec360 by Partners
Avoid Medication Misadventures	Receive MEDICATION RECONCILIATION and PHARMACIST CONSULT within 24 hours of admission
Become a Preferred Provider to Hospitals and Managed Care Organizations	REPORT RESULTS back to referral sources
Lower Your Readmission Rates	KNOW most current medications patients have been taking
Improve Transitions of Care	SAFELY transfer patients HOME and reduce unnecessary and unwanted rehospitalizations
